

Congratulations go to three of our Children's University students.

Millie Scully has attained her Bronze Certificate which is 130 hours of learning outside of school time. Millie particularly loves her gymnastics although she also participates in many of the school clubs.

Leah Cooper has gained her University Gold Diploma. This means that Leah has accrued 300 learning hours outside of school time. Whilst she also participates in many school clubs Leah has gained many of her hours enjoying new crafts and gaining different skills. This type of learning gains 1 stamp.

Finally Katie Beard has qualified for her bronze, silver and gold degree. Her Gold Degree meant that she has now put in 400 hours of extra learning. Katie loves to have new experiences and try her hand at many new activities both within the school and out.
