

## School Council update - January 2018

The School Council continue to work very hard for the whole school community. They have now worked on the project with Mrs Austin to shape lunchtime playtime games and activities. Mrs Austin has taken the information gathered away and will work with the mealtime assistant team to improve choices.

The school council decided that they wanted to run a poster competition to support anti-bullying week. The competition was entered by many pupils and Mrs Julyan had a really hard job to choose a winner. Congratulations to Imogen and Scarlett for their prize-winning posters that can now be found around the school, and also to Jake for his special prize.

This term the School Council are focussing on another area to improve our school. They have spent time in their own classrooms thinking about how good the learning environment is, also gaining feedback from their classmates. Next half term they will do a learning walk with members of the senior leadership team.

If you have any ideas of ways to improve **YOUR** school do speak to your class councillor.
